

De complete hardloopwinkel

[www.run2day.nl](http://www.run2day.nl)

Run2Day, your complete running store recently opened in the centre of The Hague!

#### **Our collection**

We carry a wide range of top rated products such as running shoes, functional and fashionable running clothing for both women and men. Our clothing name brands are Nike, Adidas, Puma, Craft and Falke.

In the store we give you a running analysis for free. We let you run in the store and show you the motion of your feet during running followed by an advice for what kind of shoe may fit best. Then we let you run again on the street if you wish to try out the shoes so you can come to the best possible decision on buying your new running shoes.

We carry the top brands Nike, Saucony, Adidas, Mizuno, Brooks and Asics. Of course, we have all kinds of accessories available to make your run even more fun, such as Polar watches/heartbeat monitors and speed distance measures,

#### **Special ongoing offer to all employees of EPO:**

**To accommodate you as employee of EPO we offer you a 15% savings (instead of the regular 5%) with our Run2Day Client card. You save on the card. As a result of saving we sent you a gift certificate for the store. Just bring your EPO card with you to obtain the savings.**

**Our english speaking running team works with you to give you the best possible advise and service.**

#### **Where can you find us?**

We are located at the Fluwelen Burgwal 9, just around the corner from Korte Poten and opposite the entrance of the parking garage Muzenplein. You can park there or in the street in front of the store. We welcome you to experience our store soon!
